

# CalLEN-LORDE Ryan White Program

## WHAT IS THE RYAN WHITE PROGRAM?

The goal of the Ryan White Program is to make it easier for patients living with HIV to get care. Ryan White is a Payer of Last Resort. This means Callen-Lorde will try to find insurance for patients to cover their costs before using money from the Ryan White Program. Also, Ryan White is a state-funded program, which means a New York address is needed to use the program. If you do not meet the standards for the Ryan White Program, we will try to find other programs to cover your medical costs. No one who comes to Callen-Lorde will be turned away because they are not able to pay for services.

## WHAT DOES THE PROGRAM INCLUDE?

**Ryan White Sliding Fee Scale:** makes sure patients living with HIV who earn at or below the [Federal Poverty Level](#) do not pay for some services. Please see chart below for more information.

Household Annual Gross Income (Before Taxes)	Callen-Lorde (Medical) Sliding Fee*
Equal to or below 100% of Federal Poverty Level (FPL)	\$0
101-133% of FPL	\$30
134-166% of FPL	\$40
167-200% of FPL	\$50
Over 200% of FPL	\$100

*\*Includes Ryan White Patients*

**If you have questions about where you fall on the chart above, please call our Financial Counselor at 212-271-4839, or our general number at 212-271-7200.**

**Ryan White Maximum Cap on Charges:** puts a limit on charges for the year for patients living with HIV who earn above the Federal Poverty Level. Once a patient hits their cap, they do not have to pay for certain services for the rest of the year. Please refer to chart below for details:

Household Annual Gross Income (Before Taxes)	Annual Cap on Charge (% of income)
Equal to or below 100% of Federal Poverty Level (FPL)	No Charges Permitted
101-200% of FPL	5%
201-300% of FPL	7%
More than 301% of FPL	10%

# CalLEN-LORDE Ryan White Program

Once a patient meets the above maximum amount in one calendar year (January 1 to December 31), they will pay \$0 for eligible services (until January 1). The Ryan White Maximum Cap on Charges applies to all eligible charges for patients living with HIV, no matter whether payment was made, and no matter the patient's insurance.

## WHAT CHARGES ARE ELIGIBLE/COUNT TOWARD THE RYAN WHITE MAXIMUM CAP?

Callen-Lorde considers charges to be HIV-related if they are on the ADAP formulary. Labs and pharmacy charges count toward a patient hitting the Ryan White Maximum Cap. Once a patient has hit their cap, they will not be charged for labs, pharmacy, and other HIV-related services.

## HOW CAN I APPLY FOR THE RYAN WHITE CAP ON CHARGES?

Patients must meet with the Financial Counselor, and bring:

- o A filled-out Ryan White Cap on Charges Worksheet with receipts
- o Current proof of income. You can bring:
  - o Most recent tax return
  - o Most recent W-2 or 1099
  - o 2 most recent pay stubs from employer, no older than 3 months
  - o Letter from the Social Security Administration showing SSI or SSDI benefits
  - o Letter from the Social Security Administration showing you cannot get government benefits
  - o Letter showing unemployment benefits from your state unemployment office
