

Table Captaining at Community Health Awards

If supporting the life-saving work of Callen-Lorde Community Health Center while surrounded by your favorite friends, family, and/or colleagues sounds like the ideal evening, serving as a Table Captain for this year's Community Health Awards might be just the perfect opportunity for you! On top of being the life of the party, Table Captains also play a pivotal role in the success of Community Health Awards by:

- Hosting a table of 10 to 12, ensuring all your guests sit together – you can pay for your table in full or ask guests to buy their tickets individually.
- Recruiting and encouraging new Table Captains.
- Generating excitement about Community Health Awards.
- Working with the Development Team to strategize fun ways to engage guests.
- Assisting in outreach, public relations, and community events.

Being a Table Captain also comes with perks like:

- Ensuring a premium table location for you and your guests. Table Captains receive priority table selection, based on the order in which each table is paid in full. Sign up and pay early to ensure that you and your guests have a front row seat.
- Getting recognized in the event program and on the website.
- Meeting others like you leading up to the big night. Table Captains receive invitations to special events and briefings.
- Receiving a Callen-Lorde tote bag filled with giveaways.

To sign up to be a Table Captain today, visit callen-lorde.org/cha. If your guests will be buying their tickets individually, please allow 24-48 hours for your name to appear on the Table Captain pull-down list on the ticket purchase page. From there, your guests can go online, select your name, and easily purchase their tickets to your table.

If you have any questions or would like to purchase your ticket or table in installments, please email us at development@callen-lorde.org or call (646) 965-5467.
